

POGO MINE

SUMITOMO METAL MINING POGO LLC

Ten years in production
2006 - 2016

Chris Kennedy, General Manager

First Things First

Your support helped to make Pogo what it is today:
the richest underground gold mine in Alaska today!

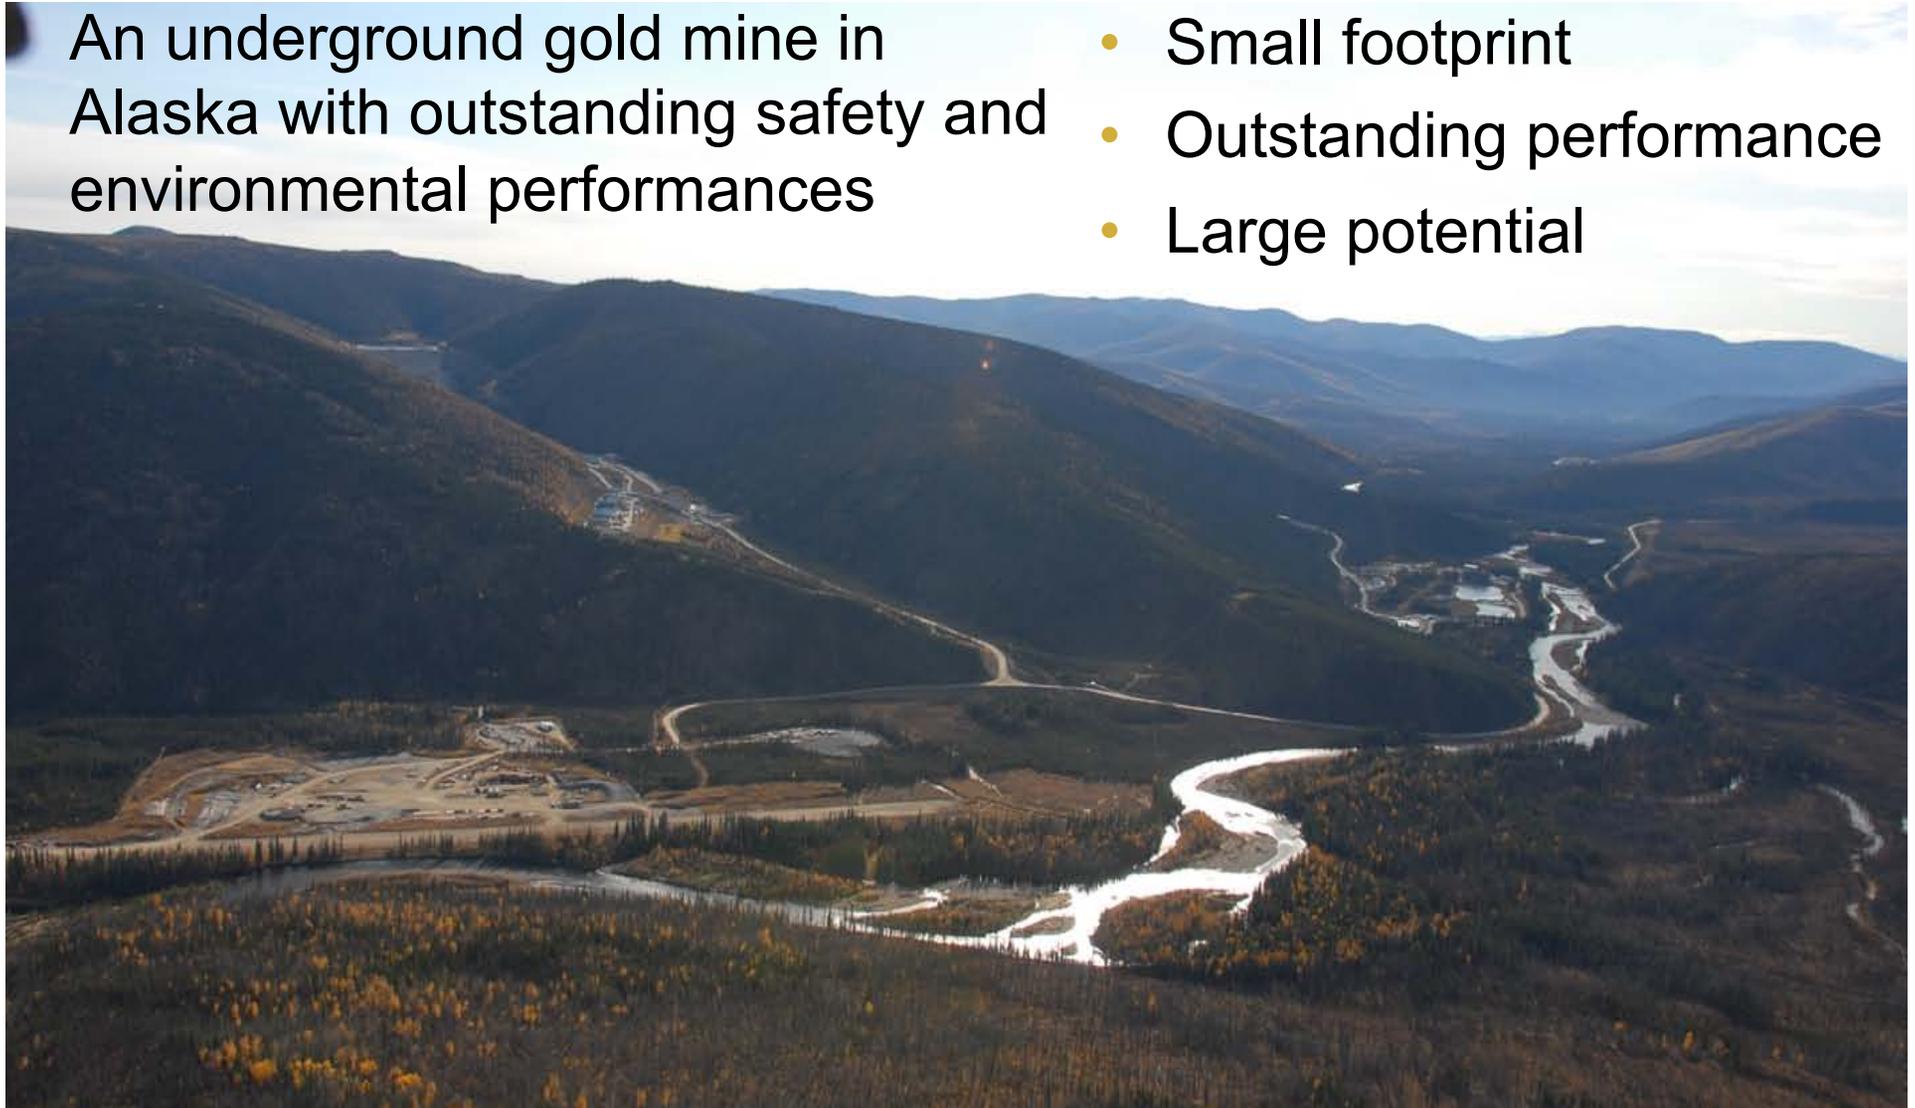

Thank You

Pogo Mine

An underground gold mine in Alaska with outstanding safety and environmental performances

- Small footprint
- Outstanding performance
- Large potential

Who is Pogo?

- Joint venture
 - Sumitomo Metal Mining (85%)
 - Sumitomo Corporation (15%)
- Managed locally by employees with significant knowledge and experience in the mining industry
- Employees and family are important!

Ten years

TIME

be it in hours, days or
years,
flies by quickly and
seem to go even faster
as Time goes by!
